

August 23, 2010

Dear Customer and Friend,

Since June 2008, **OMNIA** has held prices on our complete line of products, with the exception of LOWERING prices on stainless steel door hardware at the beginning of this year. Over that time, the cost of metals and all other materials required for manufacturing have steadily increased. This reality has forced **OMNIA** to put into effect new price lists which will show adjustments in the suggested retail prices.

Enclosed, please find a *General Price List* (which includes all pricing for **OMNIA** Traditions, Stainless Steel and Max•Steel items) and a *Cabinet Hardware Price List*. The prices for our Stainless Steel latchsets, adjusted earlier this year, remain the same. Please remove and replace all prior price books, with the exception of our brand new *Multipoint Trim Price List* which is still valid. The new prices will go into effect on orders placed after 5 pm on September 3, 2010.

Should you have any questions regarding the price books or to request additional copies, please contact our customer service department or your local **OMNIA** sales representative.

Excel versions of our price books will be available. Please contact us at: Info@OmniaIndustries.com or by fax to (973) 239-5960 to request these files.

As always, thank you for your continued support and business. **OMNIA** strives to keep our prices as competitive as possible, while adhering to our stringent standards of fine design, superior quality and excellence in manufacturing.

Best Regards,

A handwritten signature in black ink that reads "Alexander G. Comini".
